

Contribution:

1. **Isha Gupta:** focus mainly on Parser coding, partly on Crawler coding, debugging and testing.
2. **Nisarg Joshi:** focus mainly on crawler coding, partly on Parser coding, debugging and testing.
3. **Kamran Raza:** focus mainly on debugging, testing and documentation, partly on parser coding.

Chanllenges:

1. During the project, we had difficulty on removing unnecessary information like “\r\n”.
2. When getting the numbers of volume and issues, the format is different with some including month and some without month, we have to find ways to get through it.
